

Tradd Slayton

US Coast Guard and Army veteran, Tradd Slayton, currently works for the Red Cross as a Business Systems Analyst. Started photography seriously as Private Investigator in mid 90's. Picked up photography again in 2016 doing some wildlife photography. Then got into shooting Autocross and then SCCA Track Nights. TNiA is where fate would have me meet the two amazing Lloyd brothers, and I became quick friends with them. I work for RFALS to help in the effort to spread the word and bring attention to #ENDALS.
